

**Component 6:** I will develop my knowledge of marking and defending

**What we will know after this sequence:**

- How to effectively mark a player
- To move into space
- To make interceptions

**Vocabulary:**

Marking, defending, attackers

**How will this feed into my next learning:**

I will play in a kabaddi tournament to consolidate my learning.

**SEN:** Roll the ball for longer, longer to defend, work in pairs

**Component 7:** I will play a Kabaddi tournament

**What we will know after this sequence:**

- How to work as a team
- How to use tactics
- How to mark and defend

**Vocabulary:**

Marking, defending, attackers, tournament

**SEN:** Roll the ball for longer, longer to defend, work in pairs

**Component 4:** I will develop throwing a rugby ball in different ways.

**What we will know after this sequence:**

- Throw underarm with improved accuracy and often throw to partner's hands when throwing sideways
- Throw accurately from left and right side
- To swing my arms and release the ball at the end of the swing

**Vocabulary:**

Underarm, Sideways, Try

**How will this feed into my next learning:**

I will develop my ability to pass and move into space with an oval ball.

**SEN:** Stand closer together, more tactile rugby ball

**Component 5:** I will develop my ability to pass and move into space with an oval ball.

**What we will know after this sequence:**

- How to pass accurately
- How to move into a suitable space

**Vocabulary:**

Intercept, defender, personal best

**How will this feed into my next learning:**

- I will develop my knowledge of defending and marking.

**SEN:** Support with who to pass to, longer time to make pass, take more steps

**Component 3:** I will improve my ability to pass and move into space with a round ball.

**What we will know after this sequence:**

- Pass the ball to a person in space and run to a new space
- Often pass accurately and move into good spaces to support their team
- I am aware of space
- I can communicate with my team well

**Vocabulary:**

Passing, Movement, Space, Accuracy

**How will this feed into my next learning:**

I will develop throwing a rugby ball in different ways.

**SEN:** Support with who to pass to, longer practicing passing.

**Component 2:** I will improve how I throw in different ways

**What we will know after this sequence:**

- Throw more accurately in different ways often when I am standing further away
- Often throw and catch accurately including a shoulder pass from further away
- Keep eyes on the ball/bean bag while in the air when catching 'nest to chest'

**Vocabulary:**

Accuracy, Outwitting, Opponent

**How will this feed into my next learning:**

I will improve my ability to pass and move into a space with a round ball.

**SEN:** Stand closer to partner, tactile balls, more space between cones.

**Component 1:** I can improve my ability to throw underarm.

**We should know:**

- How to throw and catch with some success
- How to throw underarm and over arm
- Different types of balls

**What we will know after this sequence:**

- How to link throwing and catching a smaller ball underarm accurately from greater distances.
- Throw straight and at chest/waist height
- To consistently throw accurately

**Vocabulary:**

Throwing, underarm accurate, target, aim

**How will this feed into my next learning:**

I will improve how I throw in different ways

**SEN:** Use beanbags, chd. stand closer together, facilitate working with others.
