10<sup>th</sup> January 2018

Dear Parents/Carers,

We are excited to announce that on Monday 11<sup>th</sup> March, our school will host the Quiz Club, National General Knowledge Championship. We will be entering two of our own teams for this event, using pupils from Years 3 -6.

To select our team fairly and to have the greatest opportunity at competing against other top performing schools, we will be completing general knowledge quizzes each week this term in class, monitoring the children's scores. The quizzes will focus on music, literature, art, mathematics, history, science and geography. At the end of term children will complete the Quiz Club team selection quiz, solving 25 multiple choice questions. The highest performing students in each class will be selected to represent our school.

It really is an exciting opportunity and we know how motivated our children will be to share and extend their general knowledge. To support our children to enhance their general knowledge, we have included a few websites that children may want to use to test their skills.

<https://www.allthetests.com/quiz31/quiz/1396940686/Kids-General-Knowledge-Quiz>

<http://www.kids-quiz.com/questions-gk-quiz-1.htm>

<http://www.free-for-kids.com/childrens-a-to-z-quiz-questions.shtml>

If your child is selected, we will be in further contact as it would be great to have some support on the day of the event. Unfortunately, only relatives of those selected are able to attend the area heats but as we are hosting the event I'm sure the buzz from the hall will reach the whole school.

Let's get learning!

Kind regards,

Mrs Covey  
**Deputy Head Teacher**
