

Summer Learning

Whales Class

Dear Parents, Carers and Whales Class,

Here are some challenges for you to complete over the summer holidays. These will really help us to get off to a great start in September.

Challenge 1

Do some research about whales and make something that represents what you have found. These will be used for a display when we get back in September. You could make a model, create a poster or factsheet or even write a story! Here are some ideas to help you out:

Challenge 2

In Whales class this year we will be holding reading reward treats for those of you who complete lots of reading at home. To start this off please try and read 4 times a week over the holidays. I have provided you with a chart to help you to keep track of how many time you have read.

Challenge 3

A big part of the Year 2 Maths curriculum requires you to be confident with your times tables. Practice counting in 2's, 3's, 5's and 10's. You could use these websites to help you:

<https://www.topmarks.co.uk/maths-games/5-7-years/times-tables>

<https://www.timestables.co.uk/>

<http://www.maths-games.org/times-tables-games.html>

Challenge 4

To help your child make a flying start to Year 6 please help them to:

READ 4 x week

Here is a reminder chart to help you:

	✓ I have Read out loud today				Reward
1					
2					
3					
4					
5					
6					

Challenge 5

The summer holidays are all about relaxing and spending time with your family and friends. Below is a list of activities that you may do during the holidays. As you do them colour in the box or cross it off. Now write a short recount of one of your favourite things you did during the holidays.

Have a BBQ	Play outside	Ride a bike	Visit the beach
Visit a family Member	Visit friends	Go to the park	Eat an ice cream
Have a water fight	Play in a paddling pool	Go to a kids club	Try something new

I hope you have a lovely summer holiday and that it is filled with lots of fun!
See you on Wednesday 5th September.

Miss Harding

Week	I read to an adult today!
